Tarik,

As for the trolls, your approach is the "I have better shit to do " approach. My approach is, "I believe I was meant to do this kind of shit and this is decent practice."

Got the receipt, thank you.

With respect to Twitter I have a tried and true method to dealing with trolls (and if you think we were rough on you you should see some of the shit people say to me haha) and that's just to like the tweet and move on. Can only control my own end. Again, maybe not the Weinhaus philosophy but it's served me reasonably well.

Best,
